

1. Environmental Policy Statement

Ion Water & Environmental Management Ltd. is committed to a positive and responsible course of action with regard to those aspects of the business, which impact upon the environment. It seeks always to act in accordance with good practice, preserving and, where possible, enhancing the quality of the environment.

Commitment to the environment is demonstrated by maintaining an Environmental Management System, which meets the requirements of ISO 14001 and is focused on preventing pollution and continuously improving the company performance. Key components of the system include the establishment of environmental objectives and targets, which require the company to achieve continual improvement and the establishment of programmes to ensure satisfaction of these improvements, objectives and target.

The strategy addresses the following key areas to:

- Review Environmental impacts pre-work
- Improve materials and ensure resources used throughout the supply chain are non restricted
- Increase employee awareness and training
- Recycle materials and minimise waste
- Relate to customers and regulatory authorities
- Minimise waste by evaluating operations and ensuring they are as efficient as possible.
- Minimise toxic emissions through the selection and use of its fleet and the source of its power requirement.
- Comply fully with all relevant legal requirements, codes of practice and regulations.
- Minimise the negative environmental significant impacts of our business
- Prevent pollution to land, air and water.
- Reduce water and energy use.
- Identify and manage environmental risks and hazards.
- Safely transport and dispose of waste materials

Management, staff and employees are encouraged to liaise and work closely with suppliers, sub-contractors and customers to ensure the services will meet and exceed all regulatory requirements and other applicable requirements. Questions and enquiries should be directed to the IMS Lead. ¹ This policy is publicly available.
